

EDBT/ICDT 2026 Joint Conference

EDBT 2026
29th International Conference
on Extending Database Technology

ICDT 2026
29th International Conference
on Database Theory

Tampere, Finland
24-27 March 2026

About EDBT/ICDT 2026

The EDBT/ICDT series of international conferences is the premier European-based forum for the exchange of the latest research results in data management. The EDBT/ICDT series has a long successful history going back to 1986.

EDBT/ICDT usually attracts over 300 participants including a large number of influential thought leaders, decision makers from IT industry and academia, as well as top notch students from prestigious international institutions, and attracts corporate support from companies such as IBM, Oracle, SAP.

In 2026, EDBT/ICDT will take place in Tampere, Finland, on March 24 - March 27.

We cordially invite you to participate.

Yours sincerely,
Kostas Stefanidis and Zheyang Zhang (Tampere University, Finland)
General co-Chairs

We work together to build a sustainable world	Our pledge: Carbon neutral by 2030	Multidisciplinary and the 2nd largest university in Finland	Our focus areas: Technology Health Society

BECOME A SPONSOR

As a business with expertise and experience with themes related to data management, we have the pleasure to formally invite you to explore the available sponsorship opportunities at EDBT/ICDT 2026.

Each year, EDBT/ICDT attracts over 300 researchers and practitioners from the academia, industry and government from Europe and across the world. The audience includes leading data scientists and professors, entrepreneurs, developers, and talented young researchers/students. The scientific program will include research, industry & applications tracks, tutorials and workshops. The aim is to build a program capable of empowering the audience and motivating all the participants to exchange views, present ideas and discuss practical and theoretical issues in an interactive atmosphere.

It is our strong belief that the 29th EDBT/ICDT will provide your Company with an excellent business opportunity, and you will create new contacts and initiate new collaborations. As a sponsor, you will have the opportunity to showcase your organization's work and recruit candidates in the general area of data management, big data, data mining, knowledge discovery and information system engineering. You will have the opportunity to get involved and influence the conference events and the community as a whole.

We are looking forward to hearing from you.

Yours sincerely,

Oktie Hassanzadeh (IBM Research, USA) and Nikos Mamoulis (University of Ioannina, Greece)
